IMPORTANT : FAO Nursery and Reception parents

Dear Parent / Guardian,

As you are aware pupils and staff members of **Nursery/ Reception class** have been identified as potentially coming into close contact with the individual that has tested positive.

The TTP team have confirmed with us that these classes / pupils will need to self-isolate as a precaution until **the 3rd December** and can return to school **on Friday 4th December** (providing they are fit and well).

TTP will not be contacting you individually in this instance.

Everyone else in the household can continue as normal (however if your child becomes symptomatic, the whole household would then need to self-isolate, and you will need to contact TTP to inform us).

It is important that your child/children continue to engage with their learning whilst they self-isolate. There are a range of tasks available to complete on our website. Please use the following link for possible activities : <https://www.ysgolparcytywyn.co.uk/meithrin-a-derbyn-nursery-and-reception/>

You will also find our Home Learning Procedures on our website : <https://primarysite-prod-sorted.s3.amazonaws.com/parc-y-tywyn-school/UploadedDocument/20677cd4aa5d4a6a94270b40830c08a3/home-learning-process.pdf>

In the event of any further positive cases, all updates will be published on the council website carmarthenshire.gov.wales/education

Thank you for your cooperation.

Keep safe,

C Davies

Pennaeth
