

Transport!

Autumn Term 2020

Vroom vroom, off we go...

Have you ever wondered about the different ways people travel from place to place? What different vehicles are used? This term get ready for a journey of discovery... take a flight with Amelia Earhart, try and break the land speed record with Babs and see how transport has changed over the years.

During this project, we will develop a range of knowledge and skills including:

- Diary writing
- Collecting historical information
- Looking at how different vehicles work
- Collecting data to support ideas
- Problem solving skills to improve our ideas
- How forces affect movement

Pupil Voice

Write a fact file about planes

Write a diary pretending to be a car

Read stories about vehicles that come alive

Write about Amelia Earhart

Write a script about the Titanic

How many miles can a car travel in a day?

How many cars go past the school?

A graff on car colours

How much does it cost to fill a car with petrol?

Learn 4 times table because there are 4 wheels on a car?

Measure how fast a car goes

Transport

How long does it take to fly to places from Cardiff airport?

What is the class's favourite car?

How do gears work?

Why did the Titanic sink?

Create a time line

When was the car invented?

Draw a picture of Amelia's memorial

Design a new race car design

Make a model with moving parts

Investigate paper aeroplanes

Make a vehicle out of clay
