Profion Cenedlaethol

Wrth ddarllen yr adborth a'r adroddiadau cynnydd mae'n BWYSIG cofio taw cipluniau ydynt o ddealltwriaeth eich plentyn yn yr ysgol ar yr amser y'u cymerwyd. Mae'r ddau yn ffynhonnell o wybodaeth am ddatblygiad eich plentyn, fodd bynnag, y ffynhonnell orau a mwyaf dibynadwy o am gynnydd eich plentyn bob amser yw'r wybodaeth a gewch wrth ddarllen ei adroddiad ysgol. Mae athro eich plentyn wedi gweithio gyda'ch plentyn am flwyddyn gyfan ac mae ganddo ddealltwriaeth dda iawn o'i gynnydd a'i gyflawniadau ac mae'r rhain yn cael eu dathlu yn yr adroddiad.

ADRODDIAD CYNNYDD: gall graff eich plentyn ddangos gwelliant cyffredinol, neu gall ddangos dirywiad, dyma pryd y mae angen i chi gofio y canlynol wrth ddarllen yr adroddiad:

- Ymateb emosiynol eich plentyn i'r prawf
- Mae'n ffordd anghyfarwydd iawn o weithio
- Roedd yn brawf electronig lle byddai'r cwestiynau'n amrywio o ran anhawster yn ôl atebion blaenorol eich plentyn. Felly, pe bai eich plentyn wedi dyfalu'r ateb blaenorol ac yn gywir, byddai lefel yr anhawster yn cynyddu'n sylweddol, gan ddylanwadu ar y canlyniad cyffredinol

Yn Parc y Tywyn rydym yn defnyddio dull cyfannol o addysgu lle caiff gwersi eu cynllunio i ddiwallu anghenion a diddordebau unigol, lle caiff plant eu hannog i gymryd rhan yn eu dysgu. Mae'r profion hyn yn cael eu gosod mewn ffordd lle na chaniateir trafodaeth, ac fe'u gwneir mewn ffordd na all athrawon gynnig y gefnogaeth a'r arweiniad y mae ein plant yn gyfarwydd ag ef.

Yr Eiddoch yn gywir,

A Williams

National Tests

When reading the feedback and the progress reports it is IMPORTANT to remember that both are snapshots of your child's understanding in school at the time they were taken. Both provide a source of information on your child's development, however, the best, and most reliable source of information is always the information you receive through reading your child's school report. Your child's teacher has worked with him/her for a whole year and has a very good understanding of progress and achievements and these are celebrated in the report.

PROGRESS REPORT: your child's graph may show a general improvement, or may show a decline, this is when you need to keep in mind:

- Your child's emotional response to the test
- It's an unfamiliar experience way of working
- It was an electronic test where the questions would vary in difficulty according to your child's previous answers. Therefore, if your child had guessed the previous answer and was correct the level of difficulty would increase significantly, influencing the overall result

At Parc y Tywyn we use a holistic approach to teaching where lessons are planned to meet individual needs and interests, where children are encouraged to be involved in their learning. These tests are set in way where no discussion is allowed, and they are done in a way where teachers cannot offer the support and guidance that our children are familiar with.

IMPORTANT

Please read the progress reports keeping in mind that they are only snapshots of your child's ability and a source of information that is not always reliable.

Your sincerely,

A Williams
