

The challenge:

As everyone keeps saying, these really are unprecedented times that no one alive today has ever experienced before. In the future, children in schools will be learning about social distancing, lockdown and the coronavirus in history classes.

So why not make a piece of history by creating a Covid-19 time capsule?

Discussion points for parents:

- What have you enjoyed during this time?
- Who have you spent this lockdown time with?
- How have you felt during this time?
- What are your highlights?
- What have you missed most?
- How are things at home different now to how they were at the start of 2020?
- Have you experienced something new during lockdown?

Fortnightly Plan: Time Capsule (Yr 3 & 4)

Rhaid gwneud... / Must do...

- Learn to spell common words - there is a list of the 200 most common words on the Website and you can use Spellblast on J2Blast to do this. - Regular reading - remember to discuss what you have read, describe characters, explain events, sequence events, re-tell the story in your own words, use a dictionary/online dictionary to search for the meaning of unfamiliar vocabulary.	- Practice times tables (Don't forget you can also use TTblast within J2Blast to practise tables) Year 3 - 2, 3, 4, 5 and 10 Year 4 - 2, 3, 4, 5, 6, 8 and 10 - Adding and subtracting Year 3 to use 2 digit numbers eg $67 + 45 =$ / $86 - 34 =$ Year 4 to use 3 digit numbers eg $467 + 382 =$ - Recognise and count money, pay for items in different ways. - Tell the time to nearest 5 minute, then every minute	<u>Keep active</u>- what about joining Joe Wicks' live fitness sessions 9:00 - 9:30am on Youtube (with parental supervision) <u>Help</u> - what about helping around the house? Make your bed, lay the table ready for food, help in the garden? <u>Talk</u>- Have a chat with your parents about your day.

★ The future - we often think back to a time before Covid-19. We are thinking a bit about how to cope from day to day. But, what do you think we will have in 20 years time? Write a paragraph about your predictions. What job will you have? Where will you live? What kind of homes will we have? How will you travel?	★ Type 'Random Number Generator' into Google. A box comes up on top. Put 1000 into 'Min' and 2020 as 'Max'. Use this to create a Year. Then add the digits together e.g. $1097 \sim 1 + 9 + 7 + 1 =$ What strategies will help you? Adding numbers that make 10? Two of the same number to double?	★ Create and decorate a time capsule (box). Remember to fill the box with the things that were important to you during this time e.g. pictures, favorite recipe, favorite toy, painted stones, a piece of school work, a letter from Mr Davies etc.
★★ Family Questionnaire ~ It will be important in years to come, to find out about life during Covid-19. Create a questionnaire, or use the one on the school website, to ask members of your family about this time.	★★ Learn the poem "30 days has September." Then create a table of the months of the year and how many days are in each month. Think of important events that happens every month. (Example on school website).	★★ Make a timeline to show every important event in your life. You could include your birth, birth of brothers/sisters, pets, starting school, moving house etc. Use the example and template on the school's website to help you.
★★★ Diary - Follow the link on the school website to listen to the story of 'Just Another Ordinary Day' It talks about Amanda's normal day. A typical day these days is very different. Why not write a diary to describe a typical day during the lockdown period.	★★★ Every 10 years, the country does a census. This helps us keep records. Can you create a family census using a Database. (J2Easy - J2Data - Database). Follow the categories: Name, Year of Birth, Month of Birth, Position, Place of Birth for each member of the family. (Example on school website).	★★★ Photographs are an excellent way to keep memories and show future generations what life was like in 2020. Take 5 photographs that show what you have been doing during lockdown, such as cooking, gardening, school work, keeping fit or even photos of the quiet streets in your local area. Share these photos on Hwb or Twitter.
