

The challenge:

Unfortunately, many sports events have been cancelled this year e.g. Wimbledon, Euros and the Olympics. But, instead of watching this year, why not create your own event? You can create a new game with your family and turn it into a new and unique tournament/celebration/event.

But before creating it, why not research existing ones?

Discussion points for parents:

- Can you list games and types of sports you like?
- What qualities do you need to be a good player?
- What qualities do you need to be a good team member?
- Is there a new type of sport you would like to try?
- What events have or were planned to take place this year?
- When were they supposed to happen?
- Which famous players play the games?

Fortnightly Plan: Play (Yr 3 & 4)

Rhaid gwneud... / Must do...

- Learn to spell common words - there is a list of the 200 most common words on the Website and you can use Spellblast on J2Blast to do this. - Regular reading – remember to discuss what you have read, describe characters, explain events, sequence events, re-tell the story in your own words, use a dictionary/online dictionary to search for the meaning of unfamiliar vocabulary.	- Practice times tables (Don't forget you can also use TTblast within J2Blast to practise tables) Year 3 - 2, 3, 4, 5 and 10 Year 4 - 2, 3, 4, 5, 6, 8 and 10 - Adding and subtracting Year 3 to use 2 digit numbers eg $67 + 45 =$ / $86 - 34 =$ Year 4 to use 3 digit numbers eg $467 + 382 =$ - Recognise and count money, pay for items in different ways. - Tell the time to nearest 5 minute, then every minute	<u>Keep active</u>- what about joining Joe Wicks' live fitness sessions 9:00 – 9:30am on Youtube (with parental supervision) <u>Help</u> - what about helping around the house? Make your bed, lay the table ready for food, help in the garden? <u>Talk</u>- Have a chat with your parents about your day.

★ Collect various sports names. Place the names in a grid to create a wordsearch. Ask a member of your family to answer the wordsearch. Remember correct spelling will be important.	★ Imagine you are taking part in the Olympics. Go out into the garden to practice your throwing. Use a beanbag or tennis ball. Measure the distance of your throw 3 times. Record your distance in meters and centimeters.	★ Design a new kit for your favourite sport. Consider which kind of kit would be suitable, the colours and a logo for your team. You could use the 'Kit Design' template on the school's website.
★★ Article 31: Your right to relax and play Play is one of your Rights. Look at the poster of your 42 rights. Choose one (or a collection of articles) to create a poster advertising your rights. Feel free to reword the article to make it simpler to understand for younger children.	★★ Wimbledon - A tennis player has a very busy day planned. You need to tell the time and help them to plan their schedule e.g At _ o'clock I ate my breakfast. At _ I went for a run... There is an example on the school website. Next, you can write the time on a digital clock.	★★ Devise a new game. Collect the equipment needed and write a clear set of instructions. Can you play the game with your family? Remember to follow the rules!
★★★★ Check out the FA Cup information sheet on the school website. Can you research other events and tournaments? Gather information and record on a planning sheet and then write an interesting report.	★★★★ Euro Football Co-ordinates ~ On a grid, place pictures of football related things eg trophy, shoes, referee, whistle, shirt, ball. Write their co-ordinates correctly. Remember to go across first and then up. Record it like this: (6,3) There is a grid on the school website for you.	★★★★ Carry out an investigation to prove the effect of physical activity on your heart rate. Use the 'Science Investigation' template on the school's website to record your work.
