

The Challenge:

The beach is a lovely place to visit during the Summer time. It is a wonderful place to create memories and have fun with family and friends-building sand castles, paddling/swimming in the sea, collecting shells/ eating a picnic and ice cream. Unfortunately, during the last few weeks, some people have been leaving their litter behind and spoiling our beaches! How can you help?

Discussion point for parents:

- Do you enjoy spending time on the beach?
- How many different beaches have you visited?
- Can you name the beach which is closest to you?
- How do you travel to the beach?
- What activities do you enjoy doing on the beach?
- When do you visit the beach?

Fortnightly Plan: The Summer (Nursery& Reception)

Must do...

- | | | |
|---|---|---|
| <ul style="list-style-type: none"> • Recognising letters of the alphabet • Practise forming letters of the alphabet • Practise writing you name • Regular reading - reading and listening to stories • Practise singing songs and nursery rhymes | <ul style="list-style-type: none"> • Practise recognising numbers • Practise forming numbers • Recite numbers in the correct order - forwards and backwards • Practise addition and subtraction by using practical activities | <ul style="list-style-type: none"> • Joe Wicks - live session on YouTube at 9am • Cosmic Kids Yoga - sessions on 'YouTube' • Discuss with your parents about your day and how you are feeling. • What about helping around the house? E.g. making your bed, laying the table ready for food, helping in the garden etc. |
|---|---|---|

Should do...

Literacy

Numeracy

Theme

Think of things you would like to do during the summer holidays. Fill in the work sheet-Summer Holidays Hopes (Week 6 Resources) with words/pictures. Discuss your ideas with an adult.

How about opening an Ice-Cream shop? How about creating your own menu? Ask members of your family to join in the role play. Use money coins to pay for different items. How many items can you buy for 1p, 2p, 5p, 10p, 20p, 50p and £1 etc?

Go for a walk with an adult on a sunny day. Can you name your five senses? Use these senses to complete the table. What can you see, smell, feel, hear and taste? Use the word mat-Senses to help you (Week 6 Resources)

Can you remember any songs about summer/beach? How about going on the Cyw website and sing together the following songs Hwre, Hwre mae'n Haf/ Gwyliau/ O Dan y Môr? Film/record yourself singing and post on Twitter @ParcyTywyn.

What about going on a trip to the beach with an adult? Collect as many natural objects as possible e.g. wood, stones, shells, seaweed etc. Sort the objects into different sets using a specific criteria e.g. colour, size, pattern, favourite etc. How about using these natural objects to create your own addition and subtraction work?

Go ahead and collect natural materials on the beach. Use these materials to create a collage/picture of your family/boat/lighthouse / ice cream etc. Remember to take a photo/video of your Cool Creations and upload onto Hwb/Twitter. We would love to see your creative creations!

Can you draw a set of things that you would see on the beach e.g. shells, boat, ice-cream, bucket and spade, sand castles, fish, star fish? What is the initial sounds of these words? Can you spell some of these words with support/independently?

Can you find different containers that hold water e.g. jug, cans, yoghurt, juice carton, bucket, pan etc Can you measure how much water each container holds? Can you measure by using non-standard measurements e.g how many cups of water is needed to fill the jug? What about trying to guess which one holds the most/ least? Go ahead and experiment! Remember to Tweet your investigation @ParcyTywyn

How about making some healthy lolly pops with the help of an adult? What is your favourite fruit? What about using orange juice /apple juice/yoghurt as well as fruits to make your healthy lollypops? Remember to send us photographs of yourself eating and enjoying your lollies. Share these photos on Hwb/Twitter
