

The challenge:

Unfortunately, many sports events have been cancelled this year e.g. Wimbledon, Euros and the Olympics. But, instead of watching this year, why not create your own event? You can create a new game with your family and turn it into a new and unique tournament/celebration/event.

But before creating it, why not research existing ones?

Discussion points for parents:

- Can you list games and types of sports you like?
- What qualities do you need to be a good player?
- What qualities do you need to be a good team member?
- Is there a new type of sport you would like to try?
- What events have or were planned to take place this year?
- When were they supposed to happen?
- Which famous players play the games?

Fortnightly Plan: Play (Yr 5 & 6)

Help - what about helping around the house? Make your bed, lay the table ready for food, help in the garden?
