

We value the importance of the children's input in the planning process at the beginning of each term and we ask them for their ideas as to what they would like to learn. Here are some examples of the statements and questions they would like to explore this term:

What is a carnival?

What do people wear to carnivals?

Where is Brazil?

What foods do they eat in Brazil?

Different celebrations

What colour is the Brazilian national flag?

Carnival food

Is there a carnival in Burry Port?
