Adverse Weather

Dear Parent/Guardian

At this time of year severe weather conditions such as snow, ice and storms can cause disruption to roads and businesses. We have had to close today due to the snow and icy conditions around the school site which make it unsafe. If we need to close the school tomorrow or in the future, the following arrangements will be in place.

A message will be sent via My School App and Instagram informing parents/carers that the school is closed. This will be sent as soon as is reasonably practical taking into consideration weather warnings and MET office guidance. This will be by 7:30am latest.

The school closure will also be placed on the following website:

<https://schoolclosures.carmarthenshire.gov.wales/>

Please ensure that you have alternative arrangements in place if we have to close the school. The following measures are considered when making the decision.

- Discussion with the caretaker on the conditions on site, the accessibility and safety of driving and walking along roads leading to the school and any other matters that may affect the safe operation of the school.
- Discussion with the Chair of Governors considering the current situation. This includes the weather conditions, whether there is sufficient staffing capacity for us to open the school, whether it will be safe for everyone to travel to school.

If the school is closed due to severe weather warnings, then it will be a school closure day.

We will make every effort to ensure that the school remains open, however the safety of the pupils and staff of the school will take priority.

Thank you all for your on-going support and understanding,

Yours sincerely,
A Williams
Pennaeth / Headteacher
