## Subject: Importance of Positive Behaviour on the School Yard

Dear Parents,

We appreciate your continued support for our school and your commitment to fostering a positive and inclusive environment for our students. Recently, we have observed some behaviours on the school yard that warrant our attention and collective effort to ensure a safe and enjoyable atmosphere for all.

It is crucial to emphasize the impact that parental behaviour can have on the overall school environment. Our school yard is an extension of the learning environment, and we aim to create a space where students feel safe, respected, and able to focus on their studies and social interactions.

While the majority of parents demonstrate exemplary behaviour and set a positive example for our students, there have been instances where certain behaviours have fallen short of our expectations where actions carried out by parents may be perceived as disrespectful towards other parents and staff members.

We believe that a collaborative effort between the school and parents is essential to maintain a healthy and supportive school community. To that end, we kindly request your cooperation in the following ways:

- Respectful Communication - Please remember to communicate with others, including school staff and fellow parents, in a respectful and constructive manner. Disagreements can arise but addressing them in a calm and respectful way sets a positive example for our students.
- School Related Conflict Resolution - If a conflict arises on site relating to school issues, reach out to the school and where possible we will help facilitate constructive dialogue and find solutions that benefit everyone involved.
- Positive Role Modelling - Your behaviour serves as a model for your children. Demonstrating patience, kindness, and understanding even in challenging situations contributes to a positive school environment.
- Safety First - Prioritise the safety of all individuals on the school yard. Ensure that your actions and interactions do not compromise the physical or emotional well-being of others.

We believe that, by working together, we can create an atmosphere that supports the growth and development of our students. Thank you for your attention to this matter, and we look forward to your continued cooperation in maintaining a positive school community.

If you have any concerns or suggestions, please feel free to reach out to the school. You can access our Conduct on School Premises Policy on our website or by following this link:
