Dear Parent/Carer,

Children's School Entry Health Screening in Schools

The School Nursing Service will be attending your child's school during their reception year to carry out a review of your child's health. This will include a height, weight, hearing and vision assessment. You may find the included information sheet helpful if you have any concerns about your child's health.

The Child Measurement Programme run by Public Health Wales would like to use the height and weight measurements of your child to help give a picture of child growth in Wales. The information used by the Child Measurement Programme is completely anonymous. More information is available at www.publichealthwales.org/childmeasurement.

If you do not want your child to be included in the School Entry Health Screening **and/or** the Child Measurement Programme, please contact the health care support worker within **14 days** of receiving this letter.

Please inform the health care support worker if your child is currently attending the audiology clinic.

If you have any queries regarding School Entry Health Screening or the Child Measurement Programme, please contact Lesley Phillips Tel: 07502580539

Your child's named School Nurse is **Gwennan Williams** Tel: 07977486694

Yours sincerely,

Avril Jones (School Nursing Team Leader)
