Dear Parent and Family,

We are inviting you to attend a 1 hour parent presentation in school on Friday 21st April at 9am in the school hall.

As a school we are introducing restorative approaches, which is a model for building, maintaining and repairing relationships and also developing the children's emotional intelligence.

We have only just begun this work and wanted to share what benefits this will provide to all the children in the school.

The presentation will be given by the team supporting us to become restorative, and it will be an interactive session where you will be able to see some of the key ideas in action, have your needs listened to, and be able to ask any questions you may have.

I think it is important to say, that this journey will not stop any of the normal learning your children will receive but enhance the way in which we interact day to day.

This letter is being sent to every guardian in the school, and we would love to have you attend. If you are unable to, a short video will be provided so that you have some understanding of the restorative approach.

If you would like to attend, please complete the forms below so that we know to expect you.
