Dear parent / carer,

This week we will be raising awareness of Safer Internet use with our pupils. This is something we practice regularly with our children but as tomorrow, Tuesday 7th February, is Safer Internet Day we thought we would draw your attention to some information and guideline you may find useful at home.

The aim of Safer Internet Day is to inspire a UK wide conversation about using technology responsibly, respectfully, critically and creatively. It is coordinated in the UK by the [UK Safer Internet Centre](https://www.saferinternet.org.uk/) the celebration sees hundreds of organisations get involved to help promote the safe, responsible and positive use of digital technology for children and young people.

This year's UK theme is "Want to talk about it? Making space for conversations about life online"

The aim is to encourage young people to voice their views, opinions or stories of using social media, gaming or apps. The platforms young people use are spaces for connection, community and collaboration, which is why Safer Internet Day challenges them to foster supportive relationships and respectful communities, whilst equipping them with the skills they need to keep themselves and others safe in these spaces.

Below is a link to an information sheet on our website – ***Tips for Encouraging Open Discussion about Digital Lives:***

We have many guides for parents on our website. These include guides to gaming, social media and helplines.
